

# **CURRICULUM VITAE**

## **S. KATHLEEN LYONS**

School of Biological Sciences  
University of Nebraska Lincoln  
Lincoln, NE 68588

email: katelyons@unl.edu  
<https://cms.unl.edu/cas/biological-sciences/lyons/>

### **EDUCATION**

---

- 1995 - 2001** Committee on Evolutionary Biology, University of Chicago. Michael Foote, Advisor. Ph.D. awarded 2001; M.S. awarded 1997.
- 1991 – 1994** Department of Biology, Texas Tech University, Michael R. Willig, Advisor. M.S. awarded 1994.
- 1987 – 1991** Wayland Baptist University. B. S. in Biology and Composite Science awarded 1991. J. Hoyt Bowers, Honors Thesis Advisor.

### **PROFESSIONAL EXPERIENCE**

---

- 2022 -** *Associate Professor*, School of Biological Sciences, University of Nebraska Lincoln, NE
- 2021 -** Director of the Ecological and Evolutionary Effects of Extinction and Ecosystem Engineers (E<sup>6</sup>) Research Coordination Network, University of Nebraska Lincoln, NE
- 2017 -** *Research Associate*, Department of Paleobiology, National Museum of Natural History, Smithsonian Institution
- 2017 - 2022** *Assistant Professor*, School of Biological Sciences, University of Nebraska Lincoln, NE
- 2010 - 2020** Co-director of the Evolution of Terrestrial Ecosystems Program, National Museum of Natural History, Smithsonian Institution
- 2012 – 2016** *Adjunct Professor*, University of Maryland
- 2008 – 2016** *Research Scientist*, Department of Paleobiology, National Museum of Natural History, Smithsonian Institution
- 2007 – 2008** *Research Associate*, Department of Paleobiology, National Museum of Natural History, Smithsonian Institution
- 2006 – 2007** *Assistant Professor*, Biology Department and Virginia Modeling, Analysis and Simulation Center, Old Dominion University
- 2005 – 2012** Adjunct Assistant Professor, University of New Mexico
- 2003 – 2006** Postdoctoral Fellow, National Center for Ecological Analysis and Synthesis, University of California Santa Barbara
- 2001 – 2003** Postdoctoral Fellow, Biocomplexity Grant, University of New Mexico
- 1998 – 2001** EPA STAR Fellow, University of Chicago, Chicago, IL
- 1997 – 1998** Divisional Unendowed Fellow, University of Chicago, Chicago, IL
- 1995 – 1997** Biodiversity Training Grant Fellow, University of Chicago, Chicago IL

## FUNDED GRANTS

---

### ACTIVE GRANTS

- 2024-2027** F. A. Smith, and **S.K. Lyons**. Collaborative Research: The new normal: the continuing influence of the late Pleistocene megafauna extinction on the structure and function of mammal communities (NSF-DEB 2344776, \$1,149,499; UNL portion: \$ 351,499)
- 2021 - 2026** **S. K. Lyons**, S. A. F. Darroch, C. V. Looy, and P. J. Wagner. Research Coordination Network: Ecological and Evolutionary Effects of Extinction and Ecosystem Engineers (E<sup>6</sup>). (NSF – DEB 2051255 \$500,131; UNL portion \$500,131)
- 2021 - 2024** J. Alroy, B. Brooks, and **S. K. Lyons**. Global patterns of mammalian biodiversity loss over the last 50,000 years. (Australian Research Council DP210201324 AU\$ 391,000; UNL cost share: US\$ 34,416)
- 2021 – 2024** F. A. Smith, **S. K Lyons**. Supplement to: Collaborative Research: Moving beyond causation: the ecological consequences of the terminal Pleistocene extinction of North American megafauna (NSF-DEB 2134834 UNL portion: \$30,630)
- 2016 – 2023** F. A. Smith, **S. K Lyons**, S. Newsome, Collaborative Research: Moving beyond causation: the ecological consequences of the terminal Pleistocene extinction of North American megafauna (NSF-DEB 1555535 \$720,000; 1744223 UNL portion: \$120,000)

### COMPLETED GRANTS AND FELLOWSHIPS

- 2013 – 2020** **S. K. Lyons**, A. K. Behrensmeyer, N. J. Gotelli. Research Coordination Network: Synthesizing Deep Time and Recent Community Ecology (NSF – DEB – 1257625 \$400,000)
- 2010 – 2016** A. K. Behrensmeyer, **S. K. Lyons**, W. A. DiMichele. Synthesizing Deep Time and Recent Community Ecology: The Evolution of Terrestrial Ecosystems Program. (NMNH - \$420,000)
- 2006 – 2013** F. A. Smith, **S. K. Lyons**, and S. K. M. Ernest. Research Coordination Network: Integrating Macroecological Pattern and Processes across Scales (NSF – DEB - 0541625 \$490,000)
- 2003 – 2006** NCEAS Postdoctoral Fellowship
- 2001 – 2003** UNM Biocomplexity Postdoctoral Fellowship
- 2000 – 2001** American Society of Mammalogists Shadle Fellowship (\$3,790).
- 1998 – 2001** EPA STAR Fellowship: Total award (stipend, tuition, and research funds for 3 years): \$102,000

## HONORS AND AWARDS

---

- 2023-2024** Paleontological Society Distinguished Lecturer
- 2023** Fellow of The Paleontological Society
- 2023** R.W. Brock award for best paper of 2022 from the Canadian Museum of Nature.
- 2020** Science Achievement Award for Best Paper of 2019 from National Museum of Natural History, Smithsonian Institution
- 2017** Science Achievement Award for Best Paper of 2016 from National Museum of Natural History, Smithsonian Institution
- 2000** American Society of Mammalogists Shadle Award

## PUBLICATIONS

---

<sup>1</sup>undergraduate student, <sup>2</sup>graduate student, <sup>3</sup>Postdoctoral scholar \*senior author

### 2024

[86] <sup>2</sup>Shupinski, A.B., P.J. Wagner, F.A. Smith, & **S.K. Lyons\***. Unique functional diversity during Early Cenozoic mammal radiation of North America. (in press *Proceedings B*)

### 2023

[85] Smith, F.A., E.A. Elliott Smith<sup>3</sup>, C.P. Hedberg<sup>2</sup>, **S.K. Lyons**, M.I. Pardi, and C.P. Tomé. After the mammoths: the ecological legacy of the late Pleistocene megafauna extinctions. Cambridge Prisms: Extinction 1:E9.  
doi:10.1017/ext.2023.6.

[84] <sup>3</sup>Rozzi, R., M. V. Lomolino, A.A.E. van der Geer, D. Silvestro, **S.K. Lyons**, P. Bover, J.A. Alcover, A. Benítez-López, C-H Tsai, M. Fujita, M.O. Kubo, J. Ochoa, M.E. Scarborough, S.T. Turvey, A. Zizka, J.M. Chase. Dwarfism and gigantism drive human-mediated extinctions on islands. *Science* 379:1054-1059.  
doi:10.1126/science.add8606

### 2022

- [88] **Lyons, S.K.** Community assembly in the age of humans (submitted to *Synthesizing biological scaling: towards a universal theory* edited by B. J. Enquist, C. Kempes, and M. O'Connor)
- [89] <sup>3</sup>Tóth, A.B., A. Allen, **S. K. Lyons**, and J. Alroy. Competitive interactions are disrupted by habitat alteration in the Neotropics. (being revised).
- [90] Shupinski, A.B., Craffey, M., Smith, F.A., and **\*Lyons, S.K.** Different mammals, same structure: co-occurrence structure across the Plio-Pleistocene transition. (in review, *Paleobiology*).
- [91] <sup>2</sup>Craffey, M., S.A.F. Darroch, P.J. Wagner, D. Shizuka, & **S.K. Lyons\***. Co-occurrence structure of late Ediacaran communities and influence of emerging ecosystem engineers. (revision requested, *Proceedings B*).

### **IN PREPARATION (NOT INCLUSIVE)**

- [92] **Lyons, S.K.**, A. Villaseñor, & F.A. Smith. in prep. The changing importance of traits in mammalian co-occurrence across the Pleistocene-Holocene transition.
- [93] **Lyons, S.K.**, F.A. Smith, S.K.M. Ernest, A.G. Boyer, J.H. Brown, D.P. Costa, A.R. Evans, M. Fortelius, J.L. Gittleman, M.J. Hamilton, L.E. Harding, K. Lintulaakso, J.G. Okie, J.J. Saarinen, P.R. Stephens, J. Theodor, & M.D. Uhen. in prep. Mammal community structure over time and space.
- [94] <sup>2</sup>Keller, J.S., **S.K. Lyons**, S. Newsome, & F.A. Smith. in prep. Grasshopper mice of unusual size: climate- and extinction-driven ecological shifts in Onychomys over 22,000 years at Hall's Cave.
- [95] Miller, J.H., S.L. Wing, A. Bercovici, R. Dunn, V. Korasidis, N.A. Jud, C.V. Looy, A. Shupinski<sup>2</sup>, L.C. Soul, M.A. Balk<sup>3</sup>, A. K. Behrensmeyer, A. Barr, A. Du, J.T. Eronen, J.T. Faith, D. Fraser, N.J. Gotelli, G.R. Graves, A.M. Jukar<sup>3</sup>, B. McGill, S. Pineda-Munoz<sup>3</sup>, R. Potts, A.B. Tóth<sup>3</sup>, A. Villaseñor, and **S.K. Lyons\***. Deep time responses of floral communities to periods of critical environmental change: implications for conserving biodiversity in a turbulent future (in prep for *PNAS*).

---

### **SEMINARS/OUTREACH TO THE GENERAL PUBLIC**

---

- 2024 Jax and Phoebe Make a Planet podcast. 26 June 2024.
- 2024 Cool Thinking Forum Series with host Metta Spencer: Artic Megafauna. 8 April. 2024.
- 2021 Mind the gap: The influence of juvenile dinosaurs on community structure and diversity. Nebraska State Museum LPS K-12 workshop. August 11 2021.

- 2019 The mammoth in our closet. Science Café, sponsored by the University of Nebraska State Museum at the Happy Raven. May 2019.
- 2017 The influence of Mega mammals on the Earth's climate dynamics. Survivors: What Fossils Tell Us About the Past and Future. Evolution of Terrestrial Ecosystems 30<sup>th</sup> Anniversary Celebration. March 30, 2017.
- 2017 Our lost World: the consequences of the loss of ~1 billion large-bodied animals at the terminal Pleistocene. – Annual Darwin Day Celebration sponsored by REASON - February 7, 2017
- 2015 Our lost World: the consequences of the loss of ~200 million mammals at the terminal Pleistocene. – Paleontological Society of New York. – October 18, 2015.
- 2015 Public Discussion on “Restoring a lost ecosystem?” for the Q’rius Anthropocene discussion series with Harry Greene (Scott Wing moderator).
- 2015 Our lost World: the consequences of the loss of ~200 million mammals at the terminal Pleistocene. – Paleontological Society of Washington. – March 18, 2015.
- 2014 Our lost World: the consequences of the loss of ~200 million mammals at the terminal Pleistocene. – Paleo Training Program. – April 17, 2014.
- 2013 Florida’s Lost World: who was here, why are they gone, and what happened afterward. Natural History Festival, Museum of Arts and Sciences, Daytona Fl. 21 September 2013 – talk given to two separate audiences.

#### **OTHER PUBLIC OUTREACH**

- 2024 *Sunday with a Scientist - Extinct Bioengineers* – Morrill Hall, University of Nebraska State Museum, May 19 2024. (~150 people attended).
- 2024 Interviewed by Haley Rush of CBS and asked to serve as a climate consultant for local CBS tv news stations.
- 2023 Participated in the faculty panel for BIOS 100 Pathways to Success in the Biological Sciences – April 10, 2023
- 2022 Participated in the faculty panel for BIOS 100 Pathways to Success in the Biological Sciences – Oct. 24, 2022
- 2022-3 Interviewed by Amy Charles of the BBC for a video on Animal Sizes – Feb. 23, 2022. <https://www.bbc.com/future/article/20230123-why-prehistoric-giant-animals-got-smaller>
- 2022 Interviewed by UNL communications student, Pricilla Castaneda, about my research – Nov. 10, 2022
- 2022 Interviewed by Peter Brannen for *The Atlantic – A Mystery that took 13,200*

*years to crack* – June 22, 2022  
<https://www.theatlantic.com/science/archive/2022/06/mastodon-mammoth-extinction-climate-change/661351/>

- 2022 Interviewed by Angely Mercado for *Gizmodo* about an American lion fossil – Nov. 17, 2022. <https://gizmodo.com/american-lion-jaw-fossil-mississippi-river-1849796612>
- 2022 Interviewed by Pandora Dewan for *Newsweek* about an American lion fossil <https://www.newsweek.com/newsweek-com-ancient-american-lion-tooth-discovered-dried-mississippi-river-bank-1758869>
- 2021 Led a discussion with Lincoln Public Schools teachers on my recent *Science* paper on dinosaurs to brainstorm ways to include it in public school curriculum. August 11, 2021
- 2019 Participated in the Department of Earth and Atmospheric Sciences *Dinosaurs and Disasters* held at Morrill Hall by providing copies of *Evolve or Perish* that they could hand out and play with participants.
- 2019 Talked to children from Denton ISD in their Kid-to-Kid Program about climate change and what we can do about it. 22 January 2019.
- 2018 Talked to children from Denton ISD in their Kid-to-Kid Program about my research on species responses to climate change and extinction risk. 20 September 2018.
- 2018 Participated in the Department of Earth and Atmospheric Sciences *Dinosaurs and Disasters* held at Morrill Hall by providing copies of *Evolve or Perish* that they could hand out and play with participants.
- 2017 Participated in the NE 150: Diverse Origins event sponsored by Cub Scouting. April 8, 2017. 150<sup>th</sup> Anniversary of Nebraska Celebration. Manned table of fossils and played *Evolve or Perish*, an ETE game about the history of life on Earth with participants.
- 2017 Participated in the Evolution of Terrestrial Ecosystems 30<sup>th</sup> Anniversary Celebration, *Survivors: What Fossils Tell Us About the Past and Future*, March 30, 2017. In addition to giving a talk, I also manned a table of extinct and extant recent mammals and talked to participants about the extinction of the megafauna.
- 2015 Participated in National Fossil Day October 10, 2015 at the NMNH. Manned a table of Pleistocene fossils and talked to people about extinct megafauna. Featured in *Time for Kids*, <http://www.timeforkids.com/news/bone-fossil-day/287631>
- 2014 Participated in the outreach surrounding the closure of the paleontology exhibit at the NMNH. I manned a table with fossils and talked visitors about the importance of fossils and fossil collections. April 25-26, 2014.

## INVITED SEMINARS AND SYMPOSIA

---

- 2024 Schrödinger's mammoth – ecological assembly in the age of humans. Real World Challenges Seminar Series. Cambridge Prisms. 18 April 2024.
- 2024 After the mammoths: consequences of the loss of large-bodied ecosystem engineers on North American ecosystems. Invited departmental seminar, Illinois Natural History Survey. Feb. 20
- 2024 After the mammoths: consequences of the loss of large-bodied ecosystem engineers for North American ecosystems. Invited departmental seminar, Chicago State University, Apr. 3.
- 2024 Introduction: Ecosystem engineering in deep time symposium. International Biogeography society. Prague, Czech Republic, Jan. 7-11.
- 2022 Schrödinger's mammoth: ecological assembly in the age of humans. Synthesizing Biological Scaling: Towards a Universal Theory. Santa Fe Institute, Santa Fe NM. Nov. 15-17, 2022.
- 2022 Changes in small mammal relative abundance distributions and energy flow following the terminal Pleistocene extinction. Gordon Conference on Unifying Ecology Across Scales. Southern New Hampshire University, Manchester NH July 31-Aug 5 2022.
- 2022 **Lyons, S.K.**, C.P. Tomé, N. <sup>2</sup>Freymueller, W. Gearty, J. <sup>2</sup>Keller, M. Pardi, E. <sup>3</sup>Elliott Smith, F.A. Smith, Q. <sup>2</sup>Smith, and P.J. Wagner. Changes in small mammal abundance distributions following the loss of large mammal ecosystem engineers at the terminal Pleistocene. Annual meeting of the Geological Society of America. Symposium on *Ecosystem Engineers through time*. Oct. 2022. 54: 5 <https://doi.org/10.1130/abs/2022AM-381985>
- 2022 Smith, F.A., <sup>3</sup>Elliott Smith, E.A., Villaseñor, A., Tomé, C., **Lyons, S.K.**, Newsome, S.D. The missing pieces: changes in the ecological niche of a mammal community in North America over the late Quaternary. Annual meeting of the Geological Society of America. *Ecosystem Engineers through time*. Oct. 2022. 54: 5 <https://doi.org/10.1130/abs/2022AM-379406>
- 2021 After the mammoths: quantifying the consequences of body size downgrading for North American ecosystems. School of Biological Sciences Seminar Series, University of Nebraska Lincoln, Sept. 9, 2021.
- 2021 Elephants or asteroids: The effects of human ecosystem engineering on global biotas. Biology Department, Rutgers University, March 4, 2021.
- 2021 E<sup>6</sup> – Ecological and Evolutionary Effects of Ecosystem Engineers. E<sup>6</sup> RCN – Workshop #1, Berkeley CA, Dec. 10-12, 2021.
- 2021 Miller, J., Bercovici, A., Dunn, R., Jud, N., Korasidis, V., Looy, C., Shupinski, A., Soul, L., Wing, S., Behrensmeyer, A., Barr, A., Du, A., Eronen, J., Faith, J., Fraser, D., Gotelli, N., Graves, G., Jukar, A., McGill, B., Pineda-Munoz, S., Potts,

- R., Tóth, A., Villaseñor, A., and \***Lyons, S.K.** Responses of floral communities to periods of critical environmental change across deep time: implications for conserving plant biodiversity in a turbulent future. Virtual Symposium and round table: The past as a lens for biodiversity conservation on a dynamically changing planet. Dec. 2-3, 2021.
- 2021 Fraser, D., Villaseñor, A., <sup>3</sup>Tóth, A. B., <sup>3</sup>Balk, M. A., Eronen, J. T., Barr, W. A., Behrensmeyer, A. K., Davis, M., Du, A., Faith, J. T., Graves, G. R., Gotelli, N. J., Jukar, A. M., Looy, C. V., McGill, B. J., Miller, J. H., <sup>3</sup>Pineda-Munoz, S., Potts, R., <sup>2</sup>Shupinski, A. B., Soul, L. C., and \***Lyons, S. K.** Late Quaternary biotic homogenization of North American mammalian faunas. 2<sup>nd</sup> Crossing the Palaeontological-Ecological Gap, Sept. 6-9 2021. Museum für Naturkunde, Berlin.
- 2021 <sup>3</sup>Pineda-Munoz, S., **Lyons, S. K.**, <sup>3</sup>Tóth, A. B., <sup>3</sup>Wang, Y., and McGuire, J. Mammal species occupy different climates following the expansion of human impacts. 2<sup>nd</sup> Crossing the Palaeontological-Ecological Gap, Sept. 6-9 2021. Museum für Naturkunde, Berlin.
- 2021 <sup>3</sup>Tóth, A. B., Allen, A. P., **Lyons, S. K.**, and Alroy, J. The changing effect of biotic interactions on communities under human disturbance. 2<sup>nd</sup> Crossing the Palaeontological-Ecological Gap, Sept. 6-9 2021. Museum für Naturkunde, Berlin.
- 2021 <sup>2</sup>Hedberg, C., **Lyons, S. K.**, and Smith, F.A. The hidden legacy of megafaunal extinction: loss of functional diversity and resilience over the late Quaternary at Hall's Cave. 2<sup>nd</sup> Crossing the Palaeontological-Ecological Gap, Sept. 6-9 2021. Museum für Naturkunde, Berlin
- 2020 Elephants or asteroids: The effects of human ecosystem engineering on global biotas. School of Biological Sciences Seminar Series, University of Nebraska Lincoln, Oct. 22, 2020.
- 2020 \*Schrödinger's mammoth: ecological assembly rules in the age of humans. Tri-Beta Theta Tau Chapter Biology Honorary Seminar Series. March 16, 2020 (\*cancelled because of Covid 19)
- 2019 Schrödinger's mammoth: ecological assembly rules in the age of humans. Complex Biosystems Seminar Series, University of Nebraska Lincoln, October 31, 2019
- 2019 Effects of the development of agriculture on Holocene plant and mammal communities. Roundtable on Agriculture and the Anthropocene, Agricultural History Society, Washington DC June 6-8, 2019 \*Plenary session roundtable
- 2019 Schrödinger's mammoth: ecological assembly rules in the age of humans. Symposium on Environmental Change and the Evolution of Form and Function. North American Paleontological congress, University of California Riverside, June 23-27, 2019. \*keynote talk
- 2019 Mammalian extinctions in the age of humans. EGU Galileo Conference on mass extinctions, recovery, and resilience. Utrecht University, Netherlands, August 28-

31 \*Keynote talk

- 2019 The increasing impact of human activities and environmental change on terrestrial community structure. University of Cincinnati, Department of Geology. March 2019.
- 2018 The increasing impact of human activities and environmental change on terrestrial community structure. Vanderbilt University, Department of Earth and Environmental Sciences. September 2018.
- 2018 **Lyons, S.K.**, Villaseñor, A. and Smith, F.A. The role of functional traits in mammalian community structure across the Pleistocene-Holocene transition. Annual meeting of the Geological Society of America, Indianapolis IN. Nov. 2018.
- 2018 **Lyons, S. K.** Ernest, S.K.M.E., and F.A. Smith. The role of climate in shaping mammalian body size distributions over the Cenozoic. Annual meeting of the Society of Vertebrate Paleontologists, Albuquerque, NM. Oct. 17-20.
- 2018 **Lyons, S. K.** The influence of climate and biodiversity loss on the structure and function of mammalian communities, March 2018, International Biogeography Society. \*Keynote talk.
- 2018 **Lyons, S.K.** Of mice, mastodons, and men: causes and consequences of the end Pleistocene extinction. SBS graduate recruitment, February 2018
- 2017 **Lyons, S.K.**, Community structure and the importance of time. PACE workshop, Maine June 2017
- 2017 **Lyons, S. K.**, Paleobiology Database. PACE workshop, Maine June 2017
- 2017 The increasing impact of human activities and environmental change on terrestrial community structure. University of Nebraska, Department of Earth and Atmospheric Sciences. March 2017
- 2016 The increasing impact of human activities and environmental change on terrestrial community structure. University of New Mexico. May 2016
- 2016 The increasing impact of human activities and environmental change on terrestrial community structure. University of Nebraska, School of Biological Sciences. March 2016.
- 2015 Smith, F.A., Tome, C., **Lyons, S.K.**, Elliott Smith, E., Newsome, S., and Stafford, T. Community reorganization after the terminal Pleistocene Megafauna extinction. Bi-annual Meeting of the International Biogeography Society.
- 2014 **S. K. Lyons.** Megafaunal extinction and its impact on community structure. Megafauna and Ecosystem function: from the Pleistocene to the Anthropocene. Conference at the University of Oxford, St. John's College, 18-20 March, 2014.
- 2013 The influence of Mega mammals on the Earth's climate dynamics. Lightning Talks. National Museum of Natural History, Smithsonian Institution. 8 November 2013

- 2013 **S. K. Lyons**, A. G. Boyer, J. H. Brown, D. P. Costa, S, K. M. Ernest, A. R. Evans, M. Fortelius, J. L. Gittleman, M. J. Hamilton, L. E. Harding, K. Lintulaakso, J. G. Okie, J. J. Saarinen, F. A. Smith, P. R. Stephens, J. Theodor, M. D. Uhen, R. M. Sibly. Community Body Size distributions from Deep Time to the Recent. International Mammal Congress, Queens University, Belfast Ireland 11- 16 August.
- 2013 J. Theodor, F. A. Smith, A. G. Boyer, J. H. Brown, D. P. Costa, S, K. M. Ernest, A. R. Evans, M. Fortelius, J. L. Gittleman, M. J. Hamilton, L. E. Harding, K. Lintulaakso, **S. K. Lyons**, J. G. Okie, J. J. Saarinen, P. R. Stephens, M. D. Uhen, R. M. Sibly. Herbivory and maximum size evolution in the Cenozoic: the effects of fermentation and feed style. International Mammal Congress, Queens University, Belfast Ireland 11- 16 August.
- 2013 J. Saarinen, A. G. Boyer, J. H. Brown, D. P. Costa, S, K. M. Ernest, A. R. Evans, M. Fortelius, J. L. Gittleman, M. J. Hamilton, L. E. Harding, K. Lintulaakso, **S. K. Lyons**, J. G. Okie, J. J. Saarinen, F. A. Smith, P. R. Stephens, J. Theodor, M. D. Uhen, R. M. Sibly. Patterns of body size evolution in Cenozoic land mammals: intrinsic biological processes and extrinsic forcing. International Mammal Congress, Queens University, Belfast Ireland 11- 16 August.
- 2013 Snapshots of the past: the structure and dynamics of mammal communities from Deep Time to the Recent. University of New Mexico
- 2012 **S. K. Lyons** and F. A. Smith. The macro and paleo of mammal body size distributions. Symposium in honor of the retirement of James H. Brown and Astrid Kodric-Brown. University of New Mexico, June 8-10.
- 2011 Snapshots of the past: the structure and dynamics of mammal communities from Deep Time to the Recent. University of Maryland
- 2011 Moving the Debate Forward: the consequences of the loss of ~200 million mammals at the terminal Pleistocene. University of Cincinnati.
- 2011 Going Forward: Using ecological theory to interpret patterns in the fossil record. University of Cincinnati.
- 2011 F. A. Smith and **S. K. Lyons**. The Macroecology of body size at multiple spatial and temporal scales. International Biogeography Society 5th Biannual Meeting, Crete. January.
- 2010 **S. K. Lyons** and F. A. Smith. Using a macroecological approach to study the fossil record Paleontological Society Short Course Volume 16. Analytical Paleobiology (G. Hunt and J. Alroy, eds.). Annual meeting of the Geological Society of America. Denver, CO. Oct. 30 – Nov. 4.
- 2010 **S. K. Lyons**, P. J. Wagner and K. Dzikiewicz. Ecological correlates of range shifts of Late Pleistocene mammals. Royal Society 2010 Discussion Meeting – Biological Diversity in a Changing World. Oct. 25-29.
2009. **S. K. Lyons** and P. J. Wagner. Using macroecological approach to the fossil record to help inform conservation biology. Paleontological Society Short

Course: Conservation Paleobiology: Using the Past to Manage for the Future.  
Annual meeting of the Geological Society of America, Portland Oregon, October  
18-21.

- 2009 **S. K. Lyons**. Body size distributions of mammalian trophic groups at multiple spatial and temporal scales. Women in Geosciences Symposium. National Museum of Natural History. Smithsonian Institution, October 2009
- 2009 **S. K. Lyons**, A. G. Boyer, J. H. Brown, D. P. Costa, T. Dayan, A. Evans, S. K. M. Ernest, M. Fortelius, L. Harding, S. K. Lyons, R. M. Sibly, F. A. Smith, J. Theodor, and M. D. Uhen. Community body size distributions of mammals differ among trophic groups, but not across time. North American Paleontological Convention, Cincinnati, Ohio. June 24-28.
- 2009 P. M. Novack-Gottshall, C. R. McClain, P. A. Spaeth, A. G. Boyer, J. H. Brown, S. Finnegan, M. Kowalewski, R. A. Krause, Jr., **S. K. Lyons**, D. W. McShea, J. C. Nekola, S. I. Passy, J. L. Payne, F. A. Smith, J. A. Stempfien, and S. C. Wang. Variation in local body size distributions of fossil and modern taxonomic groups reflects habitat and life-history differences. North American Paleontological Convention, Cincinnati, Ohio. June 24-28.
- 2009 S. Finnegan, F. A. Smith, **S. K. Lyons**, J. L. Payne, A. G. Boyer, J. H. Brown, M. Kowalewski, R. A. Krause, Jr., C. R. McClain, D. W. McShea, P. M. Novack-Gottshall, J. A. Stempfien, and S. C. Wang. Size invariant extinction risk in the marine fossil record. North American Paleontological Convention, Cincinnati, Ohio. June 24-28.
- 2009 A. G. Boyer, J. H. Brown, S. Finnegan, M. Kowalewski, R. A. Krause, Jr., **S. K. Lyons**, C. R. McClain, D. W. McShea, P. M. Novack-Gottshall, J. L. Payne, F. A. Smith, J. A. Stempfien, and S. C. Wang. An upper limit to maximum body size through the Phanerozoic: Phylum-scale trends in maximum body size. North American Paleontological Convention, Cincinnati, Ohio. June 24-28.
- 2009 **S. K. Lyons** and F. A. Smith. Where did all the mastodons go? Global patterns of late Pleistocene megafaunal extinction. Biannual meeting of the International Biogeography Society. Meridá, Mexico. January 7-13.
- 2009 L. Harding, F. A. Smith, K. M. Youberg, **S. K. Lyons**, and J. H. Brown. Globetrotting: patterns of similarity in mammalian body size distributions across continents. International Biogeography Society 4th Biannual Meeting, Merida, Mexico. January 7-13.
- 2008 Of mice mastodons and men: using macroecology to understand the dynamics of late Pleistocene mammals. National Museum of Natural History, Smithsonian Institution.
- 2008 Of mice mastodons and men: using macroecology to understand the dynamics of late Pleistocene mammals. Miami University of Ohio.
- 2007 **S. K. Lyons**. The relationship between environmental variables and mammalian body size distributions over the space and time. Symposium: Environmental Change, Extinction Risk, and the Maintenance of Biodiversity through Time.

- Annual meeting of the Ecological Society of America, San Jose, CA.
- 2007 P. G. Harnik and **S. K. Lyons**. Introductory remarks: Environmental change, extinction risk, and the maintenance of biodiversity through time. Symposium: Environmental Change, Extinction Risk, and the Maintenance of Biodiversity through Time. Annual meeting of the Ecological Society of America, San Jose, CA.
- 2007 **S.K. Lyons** and P.G. Harnik. Panel discussion: Environmental change, extinction risk, and the maintenance of biodiversity through time Symposium: Environmental Change, Extinction Risk, and the Maintenance of Biodiversity through Time. Annual meeting of the Ecological Society of America, San Jose, CA
- 2007 Why does body size matter? Patterns across time, space and scale. Penn State University.
- 2007 What has FAUNMAP done for me lately? NTEND workshop organized by Russell Graham and Eric Grim, Pennsylvania State University, March 18-20.
- 2007 Body size of mammalian communities over space and time. NESCent working group on body size. Duke University, NC, February 2-5.
- 2006 **S.K. Lyons** and M.R. Willig. Using MDE models to detect the effects of geologic history on latitudinal gradients of New World mammals. NCEAS working group on modeling species distributions. University of California, Santa Barbara, CA. October 5-9.
- 2006 The effects of human impacts and climate change on late Pleistocene mammals. Illinois State Museum.
- 2006 Of mice, mastodons, and men: spatial and temporal dynamics of late Pleistocene mammals. Old Dominion University.
- 2006 Of mice, mastodons and men: extinction and spatial dynamics of late Pleistocene mammals. University of California, Merced.
- 2006 Extinction, climate change, and community structure of late Pleistocene mammals. City University of New York, College of Staten Island.
- 2006 Of mice, mastodons, and men: extinction and spatial dynamics of late Pleistocene mammals. University of North Dakota.
- 2006 Species and community level dynamics of late Pleistocene mammals. Texas Tech University.
- 2006 The effects of human impacts and climate change on late Pleistocene mammals. New York State Museum.
- 2006 Spatial and temporal dimensions of the response of late Pleistocene mammals to climate change. St. Louis University.
- 2006 The past as a template for the future: spatial and temporal dimensions of late

- Pleistocene mammal communities. Purdue University.
- 2006 Of mice and mastodons: spatial and temporal dynamics of late Pleistocene mammals. University of Houston.
- 2006 Dynamics of late Pleistocene mammal communities across time and space. University of California – Irvine.
- 2005 Spatial and temporal dynamics of late Pleistocene mammals. University of Wyoming.
- 2005 **S. K. Lyons.** Body size and local community structure of mammals across time and space: Implications for global climate change. Symposium: Ecotypic Variation in the Context of Global Climate Change: Revisiting the "Rules". Society for the Study of Evolution, June 10-14, 2005.
- 2005 Climate change, extinction, and community structure of late Quaternary mammals. University of Chicago.
- 2005 Climate change, extinction, and spatial dynamics of late Pleistocene mammals. North Carolina State University.
- 2005 Using the past to understand the future: climate change, extinction, and spatial dynamics of Pleistocene mammals. University of Maryland.
- 2005 Using the past to understand the future: climate change, extinction, and spatial dynamics of Pleistocene mammals. National Center for Ecological Analysis and Synthesis.
- 2005 **S. K. Lyons.** The effects of elevation on two aspects of local community structure of late Pleistocene mammals. Life at High Elevations Symposium. Society for Integrative and Comparative Biology, January 4-8, 2005
- 2004 Extinction and spatial dynamics of Late Pleistocene mammals. University of Oxford, England.
- 2004 Macroecology of Late Pleistocene mammals: range shifts, body size, and community structure. National Center for Ecological Analysis and Synthesis.
- 2003 **S. K. Lyons**, J. H. Brown, S. K. M. Ernest, F. A. Smith. Macroecology of Late Pleistocene mammals: body size and local community structure. Symposium on Biosphere dynamics: The key to understanding the biotic effects of future environmental change. Geological Society of America, Nov. 2-5, 2003.
- 2003 Dynamics of Pleistocene mammals across space and time. University of Arizona.
- 2003 Dynamics of Late Pleistocene mammals: range shifts, body size, and community structure. University of California, Santa Barbara.
- 2002 F. A. Smith, **S. K. Lyons**, J. H. Brown, and J. P. Haskell. Body size, space and time; a macroecological view of the world. Symposium on Macroecology. Annual meeting of the American Society of Mammalogists. Lake Charles, LA.

- 2002 M. R. Willig and **S. K. Lyons**. Gradients of diversity, scale sensitivity, and null models. Symposium on Macroecology. Annual meeting of the American Society of Mammalogists. Lake Charles, LA.
- 2001 **S. K Lyons**. Community structure of Pleistocene mammals: the effects of biotic and abiotic factors on the response to climate change. Annual meeting of the American Society of Mammalogists. Missoula, MO. **Plenary Session**.
- 2001 Community structure and dynamics of Pleistocene mammals. Biocomplexity group, University of New Mexico.
- 1993 Patterns in species' range size and richness and their causes. Advanced Biodiversity class, Texas Tech University.

## PUBLISHED ABSTRACTS

---

<sup>1</sup>undergraduate student, <sup>2</sup>graduate student, <sup>3</sup>Postdoctoral scholar \*senior author

- 2023 <sup>2</sup>Smith, Q., Shizuka, D., Tomé, C., <sup>3</sup>Gearty, W., Smith, F.A., **\*Lyons, S.K.** Changes in the structure of Hall's Cave food web networks over the last 22,000 years are not associated with climate change. Annual meeting of the Geological Society of America. Oct. 2023. 55:6 doi: 10.1130/abs/2023AM-391909
- 2022 <sup>2</sup>Smith, Q., Shizuka, D., Tomé, C., <sup>3</sup>Gearty, W., Smith, F.A., **\*Lyons, S.K.** Changes in mammalian networks across the Pleistocene-Holocene transition as a result of the megafaunal extinction. Annual meeting of the Geological Society of America. *Future Leaders of Paleontology Symposium* Oct. 2022. 54: 5 <https://doi.org/10.1130/abs/2022AM-382222>

- 1993 **S. K. Lyons** and Michael R. Willig. Latitudinal gradients in range size: a quantitative assessment of Rapoport's rule for New World bats and marsupials. Annual meeting of the American Society of Mammalogists, Washington.

## **TEACHING EXPERIENCE**

---

### **LECTURER**

BIOS 207 – Ecology and Evolution (UNL) – spring 2018 Fall 2018, Fall 2019; Fall 2020, Spring 2021, Spring 2022, Fall 2022, Fall 2023  
BIOS 805 – Principles of Ecology (UNL) – Fall 2019, Fall 2022  
BIOS 436/836 - Macroecology (UNL) - spring 2017, Fall 2018; Fall 2020, Fall 2023  
Ecology Reading course (GWU) –Fall 2011, Spring 2012, Fall 2012, Spring 2013, Fall 2013, Spring 2014, Fall 2014, Spring 2015, Fall 2015, Spring 2016 (GMU, GWU);  
BEES 608K (Macroecology, UMd) – Fall 2012;  
BEES 609 (Quaternary Paleoecology, UMd) – Fall 2010;  
Biology 431/531 (Mammalogy, ODU) – Spring 2007;  
Natural Science 162 (Environmental History of Life, UNM) – Fall 2002.

### **GUEST LECTURER**

Biology 108 – ODU, Biogeography – U of C, ODU, Population Biology (3407), Advanced Population Biology (5407) – TTU, Environmental History of the Earth – U of C, Ecology Graduate Core – Utah State University, Earth’s History and Global Change Academy - Smithsonian Earth Science Academy (2010-2014), Extinction – University of New Mexico (2017, 2021)

### **TRAINING**

Summer Institute on Scientific Teaching, May 5-10, 2017, University of Minnesota.  
Participant in Paleobiology Short Course on undergraduate teaching – Nov. 2018 at Annual meeting of the Geological Society of America, Indianapolis, IN.

Nebraska Undergraduate Stem Education Network – June 2018, August 2019  
Science Communication Workshop – UNL State Museum – March 7, 2019  
Summer Institute for Online Teaching Session 2 – July 2020  
The Inclusive STEM Teaching Project – June 14 – August 10, 2021  
Scientific Communication Advances Research Excellence (SCOARE) workshop – Sept. 14 & 16, 2021.  
UNL CAS Active Learning Strategies Workshop – Nov. 3<sup>rd</sup> 2023  
UNL Course & Section Coordination with Equity in Mind Workshop Dec. 1 2023  
UNL CAS Inclusive and Equitable Teaching Workshop – Dec. 8 2023

## **UNDERGRADUATE, GRADUATE AND POSTDOCTORAL MENTORING**

---

### **CURRENT POSTDOCTORAL FELLOWS**

Alex Shupinski E6 Postdoctoral Fellow

### **FORMER POSTDOCTORAL FELLOWS**

Catalina Tomé (August 2019 – August 2022)  
William Gearty, Position of Excellence Population Biology Postdoctoral Fellow (September 2019 – September 2022)  
Mehgan Balk (March 2017 – January 2019, with Matt Carrano)  
Amelia Villasenor (August 2017 – November 2018, with Felisa Smith and Seth Newsome)  
Silvia Pineda-Munoz (February 2016-August 2018, with Kay Behrensmeyer and Nick Gotelli)  
Danielle Fraser (Sept 2015 – 2017)  
Josh Miller (Nov 2014 - Dec 2015, with Kay Behrensmeyer and Nick Gotelli)  
Christy McCain (Jan 2006 - Oct 2007, with Felisa Smith and Morgan Ernest)  
Marcus Hamilton (June 2009 – 2012, with Felisa Smith and Morgan Ernest)

### **CURRENT GRADUATE STUDENTS**

Matthew Craffey: UNL

### **FORMER GRADUATE STUDENTS**

Quentin Smith: UNL (co-advised with Dai Shizuka) – graduated 2024  
Alex Shupinski: UNL – graduated 2024  
Advait Jukar: GMU student (co-advised with Mark Uhen) – graduated 2018  
Anikó Tóth: Macquarie University student (co-advised with John Alroy) – graduated 2019

### **CURRENT GRADUATE STUDENT COMMITTEES**

Tristan Murphy: UNL student (advised by Brigitte Tenhumberg)  
John Mensah: UNL student (advised by Brigitte Tenhumberg)  
Kat Jordan: UNL student (advised by Peter Wagner)  
Willow Nguy: UNL student (advised by Peter Wagner)  
Carson Hedberg: UNM student (advised by Felisa Smith)

## **FORMER GRADUATE STUDENT COMMITTEES**

Devra Hock: UNL student (advised by Ross Secord) graduated 2023  
Annie Madsen: UNL student (advised by Dai Shizuka) graduated 2023  
Kat Schroeder: UNM student (advised by Felisa Smith) graduated 2022  
Catalina Tomé: UNM student (advised by Felisa Smith) graduated 2019  
Amelia Villasenor: GWU student (co-advised by Réne Bobé and Kay Behrensmeyer) graduated 2017  
Andrew Du: GWU student (co-advised by Réne Bobé and Kay Behrensmeyer) graduated 2016  
Melissa Pardi: UNM student (advised by Felisa Smith) graduated 2016  
Andy Simpson: UMD BEES student (co-advised by Scott Wing and Charlie Fenster) graduated 2015.  
Carlos Peredo: GMU student (advised by Mark Uhen) graduated 2015

## **CURRENT UNDERGRADUATE STUDENTS**

Alora Schneider: UNL student

## **FORMER HIGH SCHOOL INTERNS**

Neeraj Kadubandi – Spring 2020 – Fall 2021

## **FORMER UNDERGRADUATE STUDENTS**

Elizabeth Millsap – Fall 2020 – Spring 2022  
Himani Patel – (UNL) Spring 2021 – Fall 2021  
Joelle Sanger – (UNL) Spring 2021 – Fall 2021  
Qut Al Hamdani (UNL) – Fall 2018 – Spring 2019  
Rebecca Kiat (UNL) – Fall 2017  
Helen Watson (ODU) – Extinction risk in songbirds (Fall 2006)  
Sarah Johnson (ODU) – Feeding behavior and echolocation in dolphins (Fall 2006), Life history traits and body size evolution in mammals (Spring 2007)  
Kathryn Ripley (ODU) – Echolocation in dolphins and whales (Fall 2006)

## **FORMER NMNH INTERNS**

Kate Dzikiewicz (September 2009 – July 2010 with Mathew Carrano, Summer 2014)  
Anikó Tóth (May 2011-September 2011, August 2012 – June 2013 with Kay Behrensmeyer)  
Janet Burke (May 2013-August 2013) with Kay Behrensmeyer  
Advait Jukar (Summer 2014)  
Rosemary Elliott Smith (Summer 2014)  
Carlos Peredo (Summer 2014)  
Joseph Villari (Summer 2014)  
Matt Davis (2013-2014) with Kay Behrensmeyer

## PROFESSIONAL SERVICE

---

### **DEPARTMENTAL SERVICE**

<b>2023 – present</b>	SBS Executive Committee
<b>2021 - 2023</b>	Curriculum Committee, UNL
<b>2018 - present</b>	EEB-POE Steering Committee, UNL
<b>2017 - 2021</b>	Special Funds Committee, UNL (chair 2018-2019, 2020-2021)
<b>2015</b>	Awards Committee, NMNH

### **RESEARCH RELATED SERVICE**

<b>2022-2023</b>	Scientific Advising Committee for joint meeting of the International mammal Congress and the American Society of Mammalogists in Anchorage AK July 2023
<b>2017- 2018</b>	Scientific Committee for the International Society of Biogeography meetings in Evora, Portugal March 2018.
<b>2018 - present</b>	Board Member, Earth Life Consortium Foundation
<b>2022 – present</b>	Senior Editor: <i>Extinctions</i>
<b>2017- present</b>	Associate Editor: <i>Ecography</i>
<b>2015- present</b>	Associate Editor: <i>Global Ecology and Biogeography</i>

### **NSF Panels:**

<b>2021</b> – Cross directorate NSF panel
<b>2018</b> – NSF panel for the Division of Earth Science
<b>2015</b> – Cross directorate NSF panel, and on an NSF panel for the Division of Environmental Sciences
<b>2014</b> – NSF panel for the Division of Environmental Sciences
<b>2013</b> – NSF panel for the Division of Environmental Sciences
<b>2009</b> – NSF panel for the Division of Environmental Sciences

**Referee:** *Nature*, *Nature Communications*, *Science*, *PNAS*, *Nature Ecology and Evolution*, *The American Naturalist*, *Global Ecology and Biogeography*, *Ecology*, *Ecological Archives*, *Journal of Evolutionary Biology*, *Ecology Letters*, *Evolutionary Ecology Research*, *Diversity and Distributions*, *Journal of Mammalogy*, *Journal of Biogeography*, *Journal of Ecology*, *Global Change Biology*, *Palaios*, *Paleobiology*, *Biology Letters*, *Oikos*, *Ecography*, *Evolution*, *Ecological Monographs*, *Philosophical Transactions of the Royal Society B*, National Science Foundation, US Civilian Research and Development Foundation.

### **SCIENTIFIC SOCIETY MEMBERSHIP AND SERVICE FOR SOCIETIES**

American Society of Mammalogists  
Human diversity committee (1998 – 2003), Mammal Slide Library committee

(1998 – present), Grants-in-aid committee (2003 – 2007; 2012 - 2016),  
Informatics committee (2003-2015), Program Committee (2022-present),  
Conservation Award committee (Chair; 2023-present), Strategic Planning  
Committee (2024-present)

Paleontological Society

Student council member 1999-2000 (presidential appointment)  
Newell Committee member 2022-2024  
Nominations committee 2024-present

Ecological Society of America

International Biogeography Society

Awards Committee (2003 - 2009)

Nominations committee 2024-present

## SYNERGISTIC ACTIVITIES

---

Organized a symposium on Ecosystem engineering in deep time for the International Biogeography society biannual meetings. Prague, Czech Republic Jan 7-11, 2024

Invited participant, and subgroup assessor, NSF-sponsored workshop by UIDP (University Industry Demonstration Partnership) on Mitigating Climate Change, October 2021

Director of the Ecological and Evolutionary Effects of Extinction and Ecosystem Engineers (E<sup>6</sup>) Research Coordination Network.

Member of the scientific committee for the International Biogeography Society meeting in Evora, Portugal, March 2018

Invited participant in the workshop, "PACE: Paleoecology and Community Ecology", organized by J. Gill, B. McGill, and J. Williams. Schoodic Institute, Acadia National Park. Maine. May 21-26, 2017.

Co-Director, Evolution of Terrestrial Ecosystems Program, National Museum of Natural History, Washington, DC.

Supervisor for initiative to create content for the Encyclopedia of Life to compliment the new Deep Time Exhibit Halls at the Smithsonian – June – September 2014

Invited participant in the workshop, "Stranger than we can suppose: Evaluating ecological possibility – past, present, and future" organized by the Evolution of Terrestrial Ecosystem Program, Smithsonian Institution, September 12-14, 2008

Invited participant in the workshop, "Paleontological Powers of Ten: Issues of Scale in Paleobiology", organized by the Evolution of Terrestrial Ecosystem Program, Smithsonian Institution, September 13-16, 2007

Co-Organizer (with Paul Harnik) of an Ecological Society of America Symposium: "Environmental Change, Extinction Risk, and the Maintenance of Biodiversity through Time" – August 2007.

Member, FAUNMAP advisory board – 2006-2010

Member Species Distribution Modeling Working group, National Center for Ecological Analysis and Synthesis – 2006-2008

Member, Body Size Evolution Working Group, National Evolutionary Synthesis Center

Invited participant in the GSA Penrose conference on: Linking spatial and temporal scales in Ecology and Paleoecology, May 1998

Member Body Size Working group, National Center for Ecological Analysis and Synthesis – 1998-2001
